**A LEADING CONTACT CENTRE
FOR THE FUNERAL INDUSTRY**

OUR EXPERIENCE

At Lemon Contact Centre, we take pride in our extensive experience working with funeral service providers across the UK since 2003. Our commitment to delivering exceptional customer service has allowed us to develop a deep understanding of the unique challenges and sensitivities that funeral directors face. We recognise that supporting families during their most vulnerable moments requires not only expertise, but also compassion and empathy.

We understand that calls can come at any time, and it is crucial that they are answered promptly and professionally. Our dedicated 24/7 operations team is trained to handle both pre-need and at-need enquiries with the utmost care, ensuring that families receive the support they need when they need it most. By diverting calls to our team during busy periods or outside of normal operating hours, we help funeral directors maintain a high level of service without overwhelming their on-call staff.

Quality assurance is at the heart of everything we do. Lemon Contact Centre holds ISO 9001 certification for quality management and ISO 27001 certification for information security, ensuring that all interactions are handled with the highest standards of quality and data protection. Our comprehensive performance reports also provide clients with clear insights into service delivery, allowing them to manage their budgets effectively.

“ I’m extremely proud of the partnerships we have built across the funeral sector over the last two decades, and the families that we have helped serve. ”
